

**Committee Head:** Eric Childs, Kombucha Brooklyn

**Committee Secretary:** Bill Nadalini, wunder-pilz

**Location & Time:** Tele-conference, 2/28 3:00 cst

**Attending Members:** Eric - Kombucha Brooklyn | Anne - Anne's kombucha | Amanda - GT's | Bill - Wunder-pilz | Susan - Karma Kombucha | Robert - Kickin kombucha

**Mission:** Disucss Alcohol levels, Definitions, Wikipedia page

**Committee Meeting:**

- Definition of kombucha submitted by board reviewed and agreed upon
- Wikipedia page edits - Amanda of GT's volunteered to spearhead and committee agreed
- Solicitation of KBI members for testimonials from customers to present on KBI website Susan volunteered to spearhead
- Susan also mentioned talking with person at University of Wisconsin who's interested in having access to KBI members for potential testing and analysis to identify culture strains and might have links to help with probiotic research too
- Alcohol issues discussed and need to focus all committees focus and efforts in next meeting and moving forward on this issue as it's the most pressing on the regulatory/government level. Eric volunteered to detail how Kombucha Brooklyn has approached controlling alcohol levels in production for next meeting to share their experience and hopes to further expand the conversation to include other co's approach to this common and important issue.
- Finer points involving acohol discussion revolved around GC vs Anton Paar and potential accuracy issues at low alochol levels with AP vs GC.

Next Steps

- Wikipedia page suggested edit compilation - Amanda - GT's Kombucha
- Testimonial Solicitation and gathering - Susan - Karma Kombucha
- Production methods relating to alcohol levels - Eric - Kombucha Brooklyn

Next Meeting

- 3/28 focus on alcohol content in production and measurment practices
