BABA'S BREW (PA)

www.babasbrew.com

T2– 2019

Chaynyy grib (kombucha) was probably one of the first words I learned from my great-grandmother "BABA" as a child growing up in Siberia. As far back as I can remember, Baba always had a thick glass jar tucked away in the top corner of the pantry. I grew up drinking Baba's

kombucha on a regular basis until I arrived in the U.S. in 2000. A few years later, when expecting my first child, I began to have cravings for that taste of home. I realized I needed to get back to my roots and started brewing kombucha. In 2015, I decided to brew my Old-World recipe for others to enjoy.

BLISSFUL BOMBOOCH KOMBUCHA (CHN)

<https://www.facebook.com/blissfulbombooch/>

T1 - 2019

Born in 2014, Blissful BomBooch Kombucha is originally the product of years of experimentation, fine-tuning and testing by friends and family at The Blissful Carrot Vegetarian Eatery in Macau. We believe that fermentation is an art as much as a microbial science. We have found that small batches, slow fermentation times, a little brewery Feng Shui, and occasionally singing to our scobies makes for the most balanced and flavorful bottle of Kombucha. Blissful Bombooch Kombucha is one of the very few, 100% truly authentic, made in Macau products. We take great pride in keeping the “culture” of one of Asia’s original fermenting traditions alive in everyday drinking habits, bringing new life to the “Cha” culture here in Asia.
